PEGGY SCHMIDT-COORDINATOR

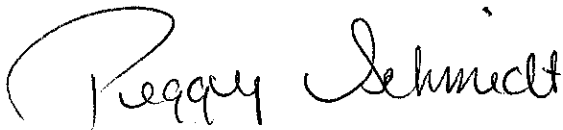

Dear Mr. Surace,

Thank you so much for the opportunity to have Bob Lenz, with Breathing Machine, come to our schools. We had them to our middle school for one assembly on 11-12-01 and to our high school for two assemblies on 11-15-01.

The response from both the students and staff at both schools was very favorable. I had several students comment that this was the best assembly they had ever seen. I had a teacher tell me that some of her students came up after the assembly to thank her for caring. She said that made her year. I would certainly welcome Bob and Breathing Machine back any time they could come. We are very appreciative of your organization for picking up the cost of the program. I would highly recommend this program to any school or organization. I think that this program was one of the most effective I've seen in getting a positive message across to not just students, but anyone who could have the opportunity to see it.

Thank you for all the work you and your organization did to make Bob Lenz and Breathing Machine available to us.

Sincerely yours,

Peggy Schmidt
