To whom it may concern,

It is my privilege to write a letter of support for the All School Assembly Program. Brian Walls and his ASAP staff do a fantastic job planning and implementing an inspirational, fun, and meaningful assembly.

The ASAP team and Mr. Jimmie Bell arrived thirty minutes prior to the assembly. We then met in my office to discuss how we would proceed. Mr. Bell spoke about making good choices and the consequences of making poor ones. This is a good reminder for all of us to hear but especially middle school students. He related extremely well to the students. After the assembly, many of our CFMS students wanted to take pictures with him as well as speak with him. Mr. Bell was very accommodating and made each student feel very special.

The All School Assembly Program was a success at Chagrin Falls Middle School. My staff and students voiced their appreciation of the content and of the assembly and felt an assembly sponsored by ASAP should be done annually.

Brian Walls and his staff are very professional and always seek feedback on ways to improve the programming. They truly want to make a real difference in the lives of students.

Chagrin Falls Middle School is looking forward to working with ASAP in the future, and I strongly recommend that you give them the privilege of coming to your school.

Professionally yours,
