To Whom it May Concern,

We recently had the opportunity to work with the All School Assembly Program when Ray McElroy came to speak at Clearview High School in April 2014. We were very pleased with the program as a whole and the willingness to meet our need as a school. Ray McElroy was an exceptional speaker who was able to actively engage our entire student body in his discussion. He talked about topics that are very important for students to hear about and sometimes hard to discuss. He delivered his message of positive decisions in a way that any teenager would be engaged.

We are constantly looking for positive programs to bring in for our students and ASAP provided us with the perfect option for that. The people that we dealt with were helpful and willing to adjust any item to fit our needs. Even though this is our first time working with ASAP, we feel comfortable building a relationship with them for the future.

The All Schools Assembly Program did a great job working with Clearview High School to bring in a fantastic speaker, and we recommend that schools use their services for your students as well.

Sincerely,
