Re: Nick Vujicic Simalcast

To whom it may concern:

The Nick Vujicic assembly was incredible. Everyone that we worked with was kind and very helpful. We did experience some technical difficulties on our end, but that was no fault of the program itself.

Our students responded well. Everyone stood to take a stand against bullying. I think one of the most impacting moments was when Nick invited students to answer questions with closed and open fists. As a staff, we were able to see who was struggling with issues. Thank you very much for making this assembly possible.

Sincerely,

Alicia A. Howard
Guidance Counselor
