Dear Jim 

Thank you so much for including Cuyahoga Heights Middle and High Schools into the Bob Lentz schedule. Several of our staff members had heard Bob at a national conference and were anticipating the program.

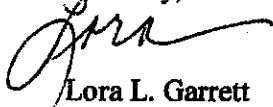

Our students were very excited by his presence and his stories. He is a great storyteller – especially those about his friends and family. The students related with him and enjoyed his use of humor.

Bob left us with much to think about. We have been focusing on improving ourselves person by person. After the tragic events of September 11<sup>th</sup>, this became even more important because we learned together that no one has control over another. So, it is person-by-person that we make this a better place. Bob's recollections and comments were very fitting.

I also sent a brief letter directly to him because I wanted him to know how his words hit home for some of our students. Again, I thank you for all that you do for kids. I believe very strongly that those of us who choose to work with kids have golden opportunities to help them grow as persons of character and integrity through our words and examples.

Our best wishes to you, your staff and their family and friends for a joyous holiday season.

Sincerely,

Lora L. Garrett
