June 20, 2016

To Whom it May Concern,

Please allow this letter to serve as my professional reference for the All School Assembly Program (ASAP). We have been fortunate to work with ASAP to our school for the 2014-2015 & 2015-2016 school years for whole school assemblies. Any time you are looking at whole school assemblies you are hoping to find a presenter who will be engaging and deliver a meaningful message to the students and staff. We have accomplished this goal with our ASAP sponsored presenters.

The programs included a secular presentation during the day, with a faith based component in the evening. This design allowed us to further facilitate our partnership with the ministerial association in the city. When people say, "It takes a village to raise a child," ASAP delivers high impact programming that brings our community together for the betterment of our children.

We are appreciative of their efforts in obtaining excellent programming with meaningful messages and look forward to continuing our partnership for our students.

If you have any questions about ASAP and their programming, please do not hesitate to contact me.

Sincerely,

Brian S. Zeller
