Dear All Schools Assembly Program,

I am writing to thank you for bringing Ray McElroy to Streetsboro High School on September 28th, 2011. He connected with our students in a way that I've never seen before from a speaker. He was able to connect with our students by using his energy and sense of humor, and by sharing his personal experiences. He engaged the students by encouraging their participation.

However, his ability to connect with students was not what made the biggest impression. That was just the vehicle. The goal was to get students to seriously consider making better decisions, and he accomplished that goal. He was able to speak to them about sensitive yet relevant topics - healthy sexual choices and the dangers of using drugs and alcohol. The bottom line is that Ray's time at our school made a difference in the lives of many people. I had numerous students tell me so directly and ask me to bring Ray back again soon.

Without ASAP, our school would not have been able to bring Ray to Streetsboro High School. ASAP is directly responsible for our students making choices that will help and protect them both now and in their transition to adulthood. S.H.S. owes a debt of gratitude to ASAP. Thank you, and I hope that we can continue our partnership well into the future.

Most Sincerely,

Eric Rauschkolb, Principal
